CPQCC MEMBERSHIP LETTER: QR01 – 03-2012

TO: CPQCC PARTICIPANTS

FROM: CPQCC DATA CENTER

SUBJECT: **2012 FIRST QUARTER DEADLINE REMINDER**

DATE: MARCH 19, 2012

CC: CPQCC STAFF

March 26, 2012

Dear CPQCC Participants,

This is a reminder that the 2012 First Quarter Report deadline is on **Sunday, April 8, 2012 at 11:59 PM**.

We are pleased to announce that as of today, the CPQCC Network database for 2012 includes data on **1,491**. Last year at this time, CPQCC had received data on 1,533 babies.

We are once again reiterating the Quarterly Close-outs to promote accurate and timely data reports. We strongly encourage all CPQCC participants to **submit 100% complete and error-free data by the first quarter deadline of 11:59 pm on April 8, 2012.** This is to ensure that CPQCC is included in the VON Quarterly Report. To clarify, the Data Center will create a CPQCC Network database file based on submissions received by 11:59 pm on April 8th, which we will then be forwarded to VON.

We strongly believe that we can increase the value of our Quarterly Reports if the data is 100% complete and error-free. We can then risk-adjust the data and provide you with a more accurate snapshot of your unit's activity.

In addition, we have provided the following tools below to help each center accomplish this effectively.

- ***Quarterly Close-out Initiative – Checklist and Reference***, including an initiative for CPQCC Data Contacts to refer CCS HRIF eligible infants at discharge to the CCS HRIF QCI Program is available at http://www.cpqcc.org/data/cpqcc_downloads.

- ***2012 CCS Supplemental Form and NICU Activity Log*** http://www.cpqcc.org/data/ccs_downloads
  - To assist Centers in referring HRIF infants to the CCS HRIF Program, we have added key variables required in the CCS HRIF Program Registration to the NICU Activity Log.

- ***2012 Birth Data Quality Workshops***
  - Please review the "CPQCC Membership Letter PI01 – 03-2012" letter for more information. http://www.cpqcc.org/membership/cpqcc_membership_letters

Please contact us at support@cpqcc.org if you have any questions.

Sincerely,

CPQCC Data Center
