CPQCC MEMBERSHIP LETTER: NSI02 – 02-2012

TO: CPQCC PARTICIPANTS

FROM: CPQCC DATA CENTER

SUBJECT: CPQCC NETWORK SYSTEM INFORMATION: VON MANUAL

DATE: FEBRUARY 13, 2012

CC: CPQCC STAFF, BEATE DANIELSEN

February 13, 2012

Dear CPQCC Participants,

Please read the memo below from the Vermont Oxford Network (VON). The items listed in the e-mail below pertain to CPQCC Respiratory at 36 Weeks Adjusted GA (Items 34a-f) and Item 42cTreatment of ROP with Anti-VEGF Drug.

Please note that these changes have previously been implemented in the 2012 CPQCC Manual of Definitions already. The only addition will be the information added below.

Item 34a. Oxygen at 36 Weeks Adjusted GA [OX36]

In 2012, VON has clarified the definition of Respiratory Support at 36 Weeks Adjusted GA **(Items 34 a-f)** to include an infant's rounded gestational age of less than or equal to 36 weeks. In addition to Oxygen at 36 Weeks Adjusted GA (Item 34a. OX36), in 2011 VON mandated the addition of five new items for Respiratory Support at 36 weeks post-menstrual age. The five new items include Conventional Ventilation at 36 Weeks (Item 34b. VENT36); High Frequency Ventilation at 36 Weeks (Item 34c. HFV36); High Flow Nasal Cannula at 36 Weeks (Item 34d. HNC36); Nasal IMV or SIMV at 36 Weeks (Item 34e. NIMV36; and Nasal CPAP at 36 Weeks (Item 34f. CPAP36).

The updated 2012 CPQCC Manual of Definitions AND the 2012 CPQCC Mandated Changes Memo is currently on the link below. Please contact us at support@cpqcc.org if you have any questions.

Subject: Revisions to VON 2012 Manual of Operations Part 2

Dear Members: We have made modifications to Part 2 of the 2012 Manual of Operations. The updated Manual of Operations, Release 16.3, is available at: http://www.vtoxford.org/tools/ManualofOperationsPart2.pdf The modifications made to this version are:

- Items 26a – 26f, Respiratory Support at 36 Weeks: The definition of eligibility for Respiratory Support at 36 Weeks Items has been clarified and corrected to include infants with rounded gestational age equal to 36 weeks. The complete modification is available at: http://www.vtoxford.org/tools/Revisionsfor2012MOOPart2_v16_2.pdf
- Items 31 & 40b have been updated to correct misprints. These modifications are detailed at: http://www.vtoxford.org/tools/Revisionsfor2012MOOPart2_v16_3.pdf

Please contact your VON Account Manager if you have any questions.

Thank you.
