## INTRODUCTION

We never stop working to improve care for California’s most vulnerable infants and children, and we know you don’t either. Every year, CPQCC staff, members, experts and volunteers review and reconsider the data elements being collected to be sure we’re staying on the cutting edge of neonatal quality improvement care. Elements are sometimes added, removed, or renamed and renumbered.

In addition, other groups often make changes to data elements or definitions that necessitate changes to CPQCC data collection:

- High Risk Infant Follow-up (HRIF)
- California Perinatal Transport Systems (CPeTS)
- California Children’s Services (CCS)
- Vermont Oxford Network (VON)

This document describes the changes that have been made to the 2023 NICU, CPeTS, and HRIF data sets.

## CALIFORNIA CHILDREN’S SERVICES (CCS)

**NO CHANGES**

## TRANSPORT DATA SET (TRS)

**NO CHANGES**

## NICU REPORT SITE

### NICU REPORT USER ROLES

**Change:** Allow NICU Report users the specification of one or more user roles referring to the role they have within their NICU and with which the NICU Reports website is accessed. Users will be able to select one or more of the choices listed below. The information on user roles will be used in conjunction with usage patterns to identify areas of improvement for the NICU Reports website.

Clinical Nurse Specialist/Educator  
Data Support  
Dietitian  
Discharge Coordinator/Care Manager  
Fellow

Lactation Consultant  
Nurse Practitioner  
Nurse Manager/Director  
Parent Advisor/Representative  
Pediatric Hospitalist  
Pharmacist  
Physical/Occupational Therapist  
Physician  
Physician Assistant  
Quality Improvement and/or Safety Officer  
Registered Nurse  
Respiratory Therapist  
Safety Officer  
Social Worker  
Speech and Language Pathologist  
Other (Describe)

## NICU ADMISSION DISCHARGE (A/D) FORM

### RESPIRATORY (TAB 4, ITEMS 27):

#### Item 27c. Optional: Total Duration of Intubated Ventilation

**Change:** Addition of optional data collection. Collect the total days of intubated ventilation for small babies. This includes all episodes until the infant gets transferred out (including any intubated ventilation time after a possible immediate transport back) or is discharged home or dies.

## HRIF DATA SET

### NO CHANGES
