

Creating a QI Storyboard in Canva

1. Visit [www.Canva.com](https://www.canva.com), register for a free account
2. From the home page, type “academic research poster” into search bar, then select “See all”

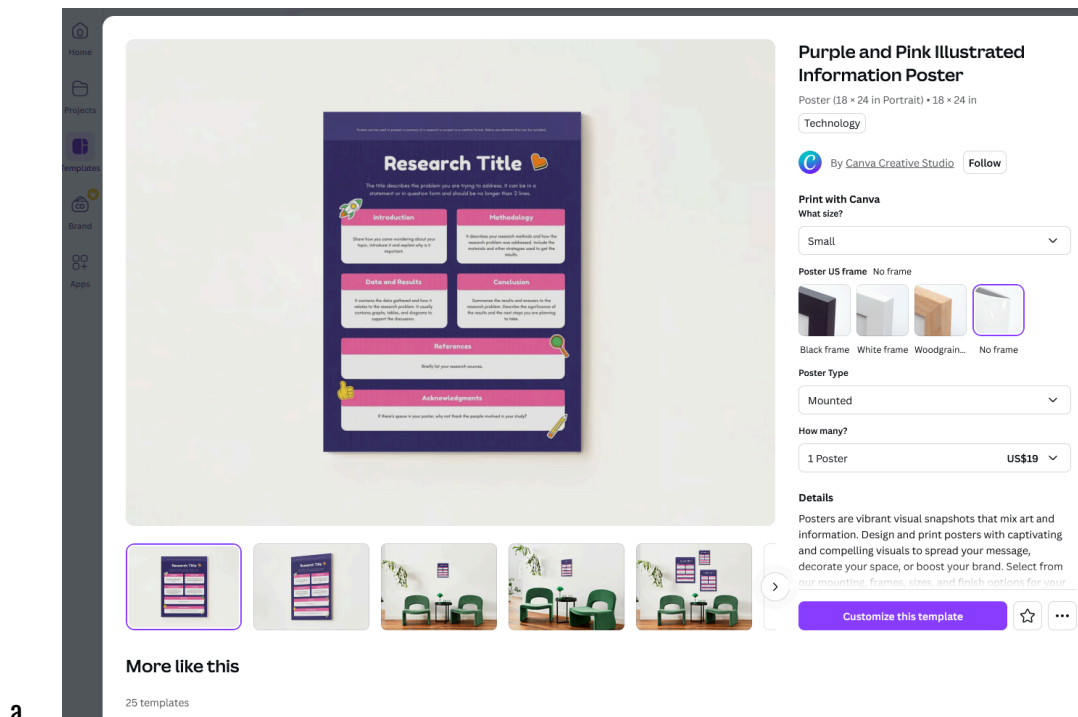

3. Filter your search by “Free” (and any other filters you’d like!)

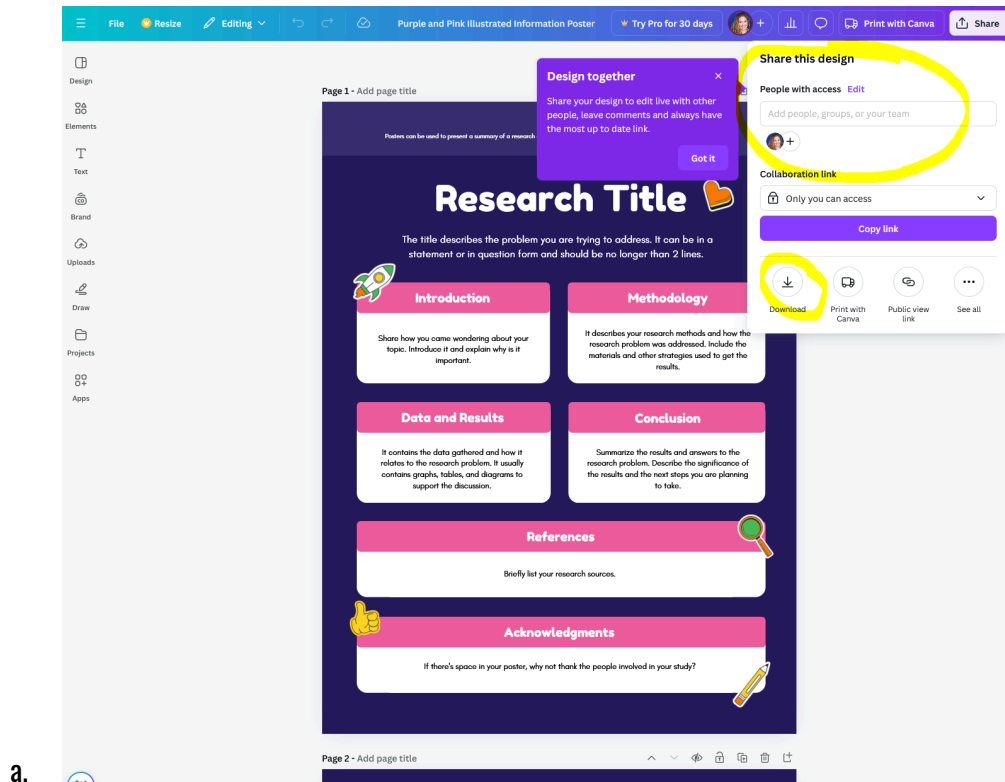

a.

4. Select a template you like and “Customize this template”. Ignore the pricing portion, you have the option to download image, no obligation to purchase anything.

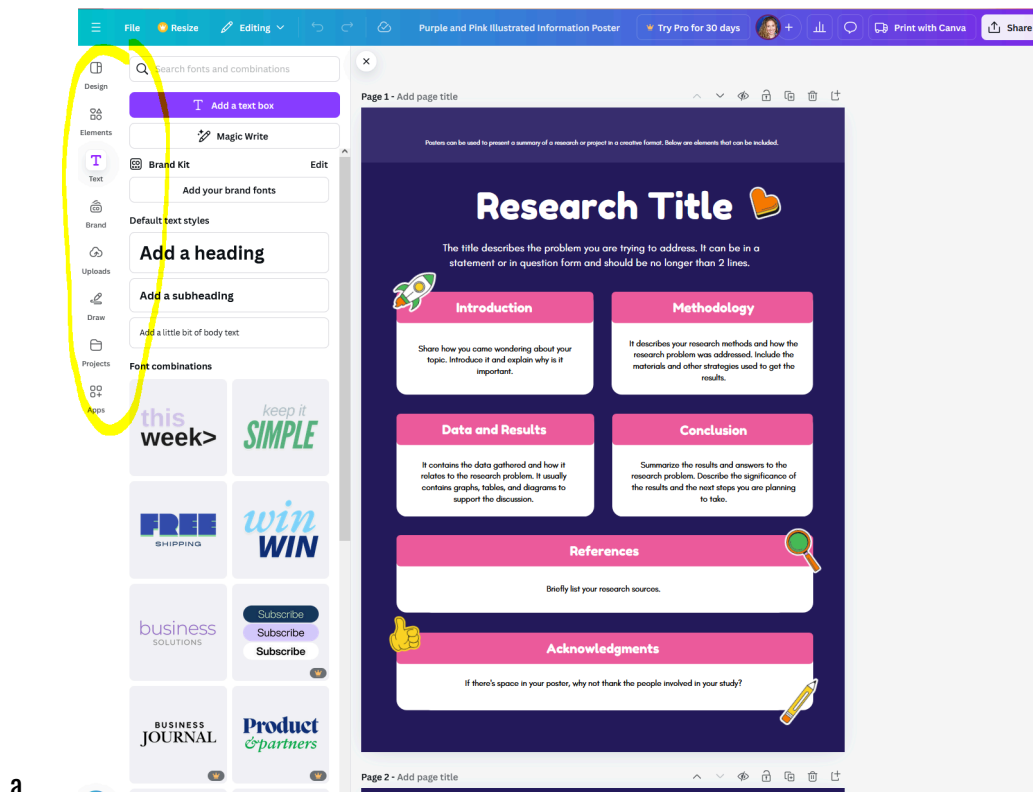

a.

5. Edit and customize as much as you like! There is also an option to share a link for others to collaborate with you.

a.

6. The left hand panel is how you can add elements, modify text, add stock images, upload images and data graphs.
