Our Members

Our members represent over 90% of the NICUs in California, including all CCS approved intermediate, community, and regional NICUs. These NICUs care for more than 95% of the state's VLBW infants. Improvements in outcomes made by our members have profound and long-lasting impacts for all of California.

NICU Data Finalization Deadlines

Productions Schedule

JAN 1st	FEB 1ST	MAR 15	APR 1st	MAY 1ST	MAY 15th	JUN 1ST	JUN 2ND	JUN 7th	FEB - JUNE	JAN - DEC	JUN - OCT	NOV-DEC
Data Review	DEADLINE	Super Star Award	DEADLINE	Data Review	All-Star and Gold Star Awards	DEADLINE	Early Bird Award	DEADLINE	Crown Award	Surprise Award	ANNUAL REPORTS	Data Review
	Submit items 1-2 in the Close-Out Checklist Late Fee if not completed		Submit items 3-8 in the Close-Out Checklist Late Fee if not completed			Submit items 9-13 in the Close-Out Checklist Late Fee if not completed		Submit item 14 in the Close-Out Checklist Late Fee if not completed			**JUN 15th** Data Finalization Status Report **JUL 1st** CPQCC Annual Report **OCT 10th** VON Annual QMR Report	

NICU DATA FINALIZATION DEADLINES

Summary

1 **APRIL 1st**

123/136=90% completed by the deadline

2 **JUNE 1st**

135/136=99% completed by the deadline

3 **JUNE 7th**

133/136=98% completed by the deadline

4 **Q2 – JULY 8th**

10/136=23%

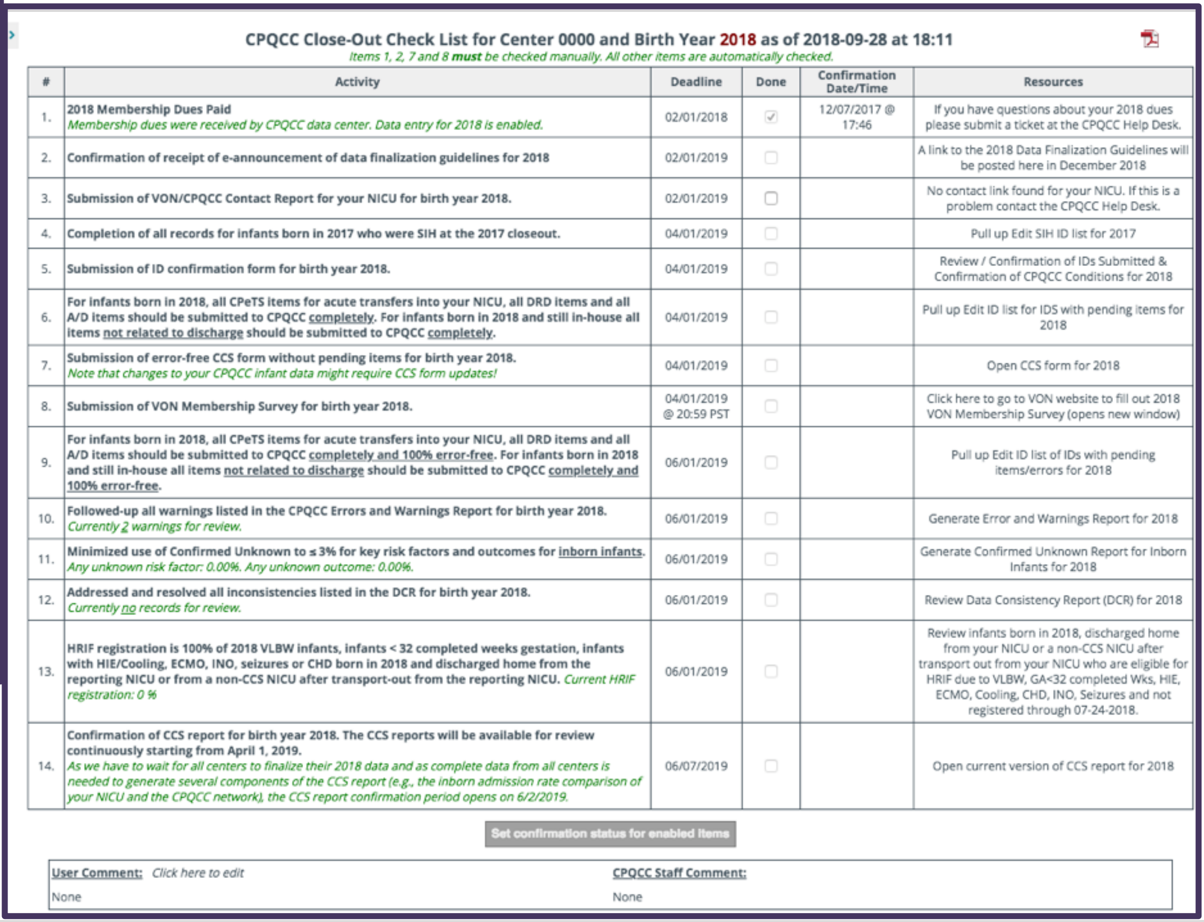
Close-Out Checklist



CPQCC Close-Out Check List for Center 0000 and Birth Year 2018 as of 2018-09-28 at 18:11

*Items 1, 2, 7 and 8 **must** be checked manually. All other items are automatically checked.*

#	Activity	Deadline	Done	Confirmation Date/Time	Resources
1.	2018 Membership Dues Paid *Membership dues were received by CPQCC data center. Data entry for 2018 is enabled.*	02/01/2018	☑	12/07/2017 @ 17:46	If you have questions about your 2018 dues please submit a ticket at the CPQCC Help Desk.
2.	Confirmation of receipt of e-announcement of data finalization guidelines for 2018	02/01/2019	☐		A link to the 2018 Data Finalization Guidelines will be posted here in December 2018
3.	Submission of VON/CPQCC Contact Report for your NICU for birth year 2018.	02/01/2019	☐		No contact link found for your NICU. If this is a problem contact the CPQCC Help Desk.
4.	Completion of all records for infants born in 2017 who were SIH at the 2017 closeout.	04/01/2019	☐		Pull up Edit SIH ID list for 2017
5.	Submission of ID confirmation form for birth year 2018.	04/01/2019	☐		Review / Confirmation of IDs Submitted & Confirmation of CPQCC Conditions for 2018
6.	For infants born in 2018, all CPeTS items for acute transfers into your NICU, all DRD items and all A/D items should be submitted to CPQCC completely. For infants born in 2018 and still in-house all items not related to discharge should be submitted to CPQCC completely.	04/01/2019	☐		Pull up Edit ID list for IDS with pending items for 2018
7.	Submission of error-free CCS form without pending items for birth year 2018. *Note that changes to your CPQCC infant data might require CCS form updates!*	04/01/2019	☐		Open CCS form for 2018
8.	Submission of VON Membership Survey for birth year 2018.	04/01/2019 @ 20:59 PST	☐		Click here to go to VON website to fill out 2018 VON Membership Survey (opens new window)
9.	For infants born in 2018, all CPeTS items for acute transfers into your NICU, all DRD items and all A/D items should be submitted to CPQCC completely and 100% error-free. For infants born in 2018 and still in-house all items not related to discharge should be submitted to CPQCC completely and 100% error-free.	06/01/2019	☐		Pull up Edit ID list of IDs with pending items/errors for 2018
10.	Followed-up all warnings listed in the CPQCC Errors and Warnings Report for birth year 2018. *Currently 2 warnings for review.*	06/01/2019	☐		Generate Error and Warnings Report for 2018
11.	Minimized use of Confirmed Unknown to ≤ 3% for key risk factors and outcomes for inborn infants. *Any unknown risk factor: 0.00%. Any unknown outcome: 0.00%.*	06/01/2019	☐		Generate Confirmed Unknown Report for Inborn Infants for 2018
12.	Addressed and resolved all inconsistencies listed in the DCR for birth year 2018. *Currently no records for review.*	06/01/2019	☐		Review Data Consistency Report (DCR) for 2018
13.	HRIF registration is 100% of 2018 VLBW infants, infants < 32 completed weeks gestation, infants with HIE/Cooling, ECMO, INO, seizures or CHD born in 2018 and discharged home from the reporting NICU or from a non-CCS NICU after transport-out from the reporting NICU. *Current HRIF registration: 0 %*	06/01/2019	☐		Review infants born in 2018, discharged home from your NICU or a non-CCS NICU after transport out from your NICU who are eligible for HRIF due to VLBW, GA<32 completed Wks, HIE, ECMO, Cooling, CHD, INO, Seizures and not registered through 07-24-2018.
14.	Confirmation of CCS report for birth year 2018. The CCS reports will be available for review continuously starting from April 1, 2019. *As we have to wait for all centers to finalize their 2018 data and as complete data from all centers is needed to generate several components of the CCS report (e.g., the inborn admission rate comparison of your NICU and the CPQCC network), the CCS report confirmation period opens on 6/2/2019.*	06/07/2019	☐		Open current version of CCS report for 2018

Quarterly Close-Out

DATA FINALIZATION

Data Initiatives

Quarterly Close-Outs

Alleviate the burden of the annual close-out

Quarter report snapshots of Small Baby and Big Baby infants

HRIF Referrals

Timely referrals to increase timely follow-up care

Quality Improvement Toolkits

12 QI Toolkits available

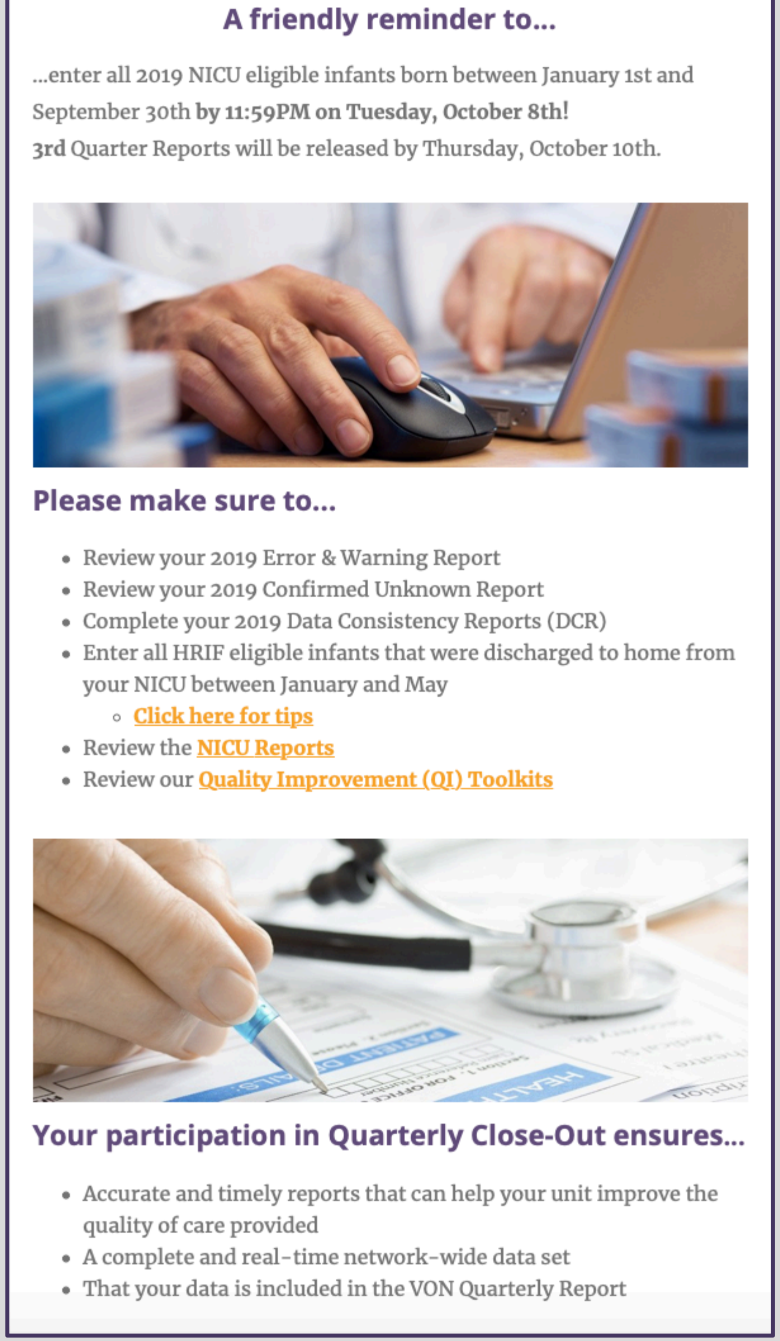
Not required to join a QI Collaborative

Quarterly Deadlines

Production Schedule

JAN 1st	JAN 8th	APR 8th	MAY 1st	JUL 8th	OCT 8th	OCT MID-END
Begin data collection for current year	**4th Quarterly Close Out** Deadline for submitting data to be included in the 4th Quarter Report for 2018	**1st Quarterly Close Out** Deadline for submitting data to be included in the 1st Quarter Report for 2019	**Annual Joint Data Com/DCAG Meeting**	**2nd Quarterly Close Out** Deadline for submitting data to be included in the 2nd Quarter Report for 2019	**3rd Quarterly Close Out** Deadline for submitting data to be included in the 3rd Quarter Report for 2019	**Data Trainings**

Quarterly Deadlines



A friendly reminder to...

...enter all 2019 NICU eligible infants born between January 1st and September 30th **by 11:59PM on Tuesday, October 8th!**

3rd Quarter Reports will be released by Thursday, October 10th.

Please make sure to...

- Review your 2019 Error & Warning Report
- Review your 2019 Confirmed Unknown Report
- Complete your 2019 Data Consistency Reports (DCR)
- Enter all HRIF eligible infants that were discharged to home from your NICU between January and May
  - Click here for tips
- Review the NICU Reports
- Review our Quality Improvement (QI) Toolkits

Your participation in Quarterly Close-Out ensures...

- Accurate and timely reports that can help your unit improve the quality of care provided
- A complete and real-time network-wide data set
- That your data is included in the VON Quarterly Report

Please make sure to…

- Submit your quarterly data
- Review your Error & Warning Report
- Review your Confirmed Unknown Report
- Complete your Data Consistency Report (DCR)
- Refer all HRIF eligible infants discharged to home from your NICU
- Review the NICU Reports
- Review our Quality Improvement (QI) Toolkits

Member Awards

We present the following awards to members who go above and beyond to meet data entry deadlines. Data abstraction for our NICU and HRIF databases takes a lot of time and hard work and we are honored to work with such dedicated teams across California! For more information on CPQCC's quality improvement awards, visit the Quality Improvement Awards page.

NICU Super Star

Awarded to NICUs that submit items 2-8 on the NICU Closeout Checklist before March 15th.

View award certificates.

HRIF Super Star

Awarded to HRIF clinics that submit items 1-4 on the HRIF Closeout Checklist by April 1st.

View award certificates.

NICU Early Bird

Awarded to NICUs that submit item 14 on the close-out checklist (CCS Report confirmation) on June 2nd.

View award certificates.

HRIF Follow-up

Awarded to HRIF clinics with core visit follow-up rates for the closing birth year of ≥ 80% for the first visit, ≥ 70% for the second visit, and ≥ 60% for the third visit as of April 2nd.

View award certificates.

What

Important Notes About NICU Database Eligibility:

- We are now offering members access to an optional All NICU Admissions Database, which allows centers to track ALL infants admitted to their NICU and not just those that meet the eligibility criteria listed above. The All NICU Admissions Database is currently in pilot testing.
- The Small Baby and Big Baby criteria presented on this page and throughout this site reflect CPQCC's eligibility conditions for the NICU Database. These differ slightly from those of our sister organization, the Vermont Oxford Network. CPQCC automatically reports member data to VON and adjusts the data to fit their eligibility

The NICU Database contains detailed information on two distinct populations of live born infants – **Small Babies** and **Big Babies**. Stillborn babies are not eligible for entry into the database. Live-born babies that die within 12 hours of birth, prior to admission into the NICU, are entered into the NICU Database as a "delivery room death."

Small Babies

An infant is considered a "small baby" if they:

- Were born between 22 weeks, 0 days and 31 weeks, 6 days of gestation or
- Had a birth weight between 401-1,500 grams

All small babies are eligible for entry into the NICU Database, regardless of whether they were born at your hospital ("inborn") or were born at a different hospital ("outborn") but were acutely transferred to your hospital for care by any service (not just the NICU), as long as the transfer occurred before the baby's 28th day of life.

Big Babies

Several factors determine whether "big babies," or those with birth weights greater than 1,500 grams and born at 32 weeks of gestation or greater, are eligible for entry into the database. They must either have been born at your hospital or have been transferred in within 28 days of their birth. In addition, they must have been admitted into the NICU or cared for by the NICU service team and meet one of the following criteria:

1. Death
2. Acute transport into your NICU
3. Acute transport out of your NICU
4. Nasal IMV/SIMV (or any other form of non-intubated assisted ventilation) for greater than four continuous hours
5. Intubated assisted ventilation for greater than four continuous hours
6. Early bacterial sepsis
7. Major surgery requiring anesthesia
8. Previously discharged home and then readmitted for a total serum bilirubin of greater than or equal to 25 mg/dl (427 micromols/liter) and/or exchange transfusion. *Babies readmitted for hyperbilirubinemia are eligible whether they are readmitted directly to the NICU or elsewhere in the hospital.*

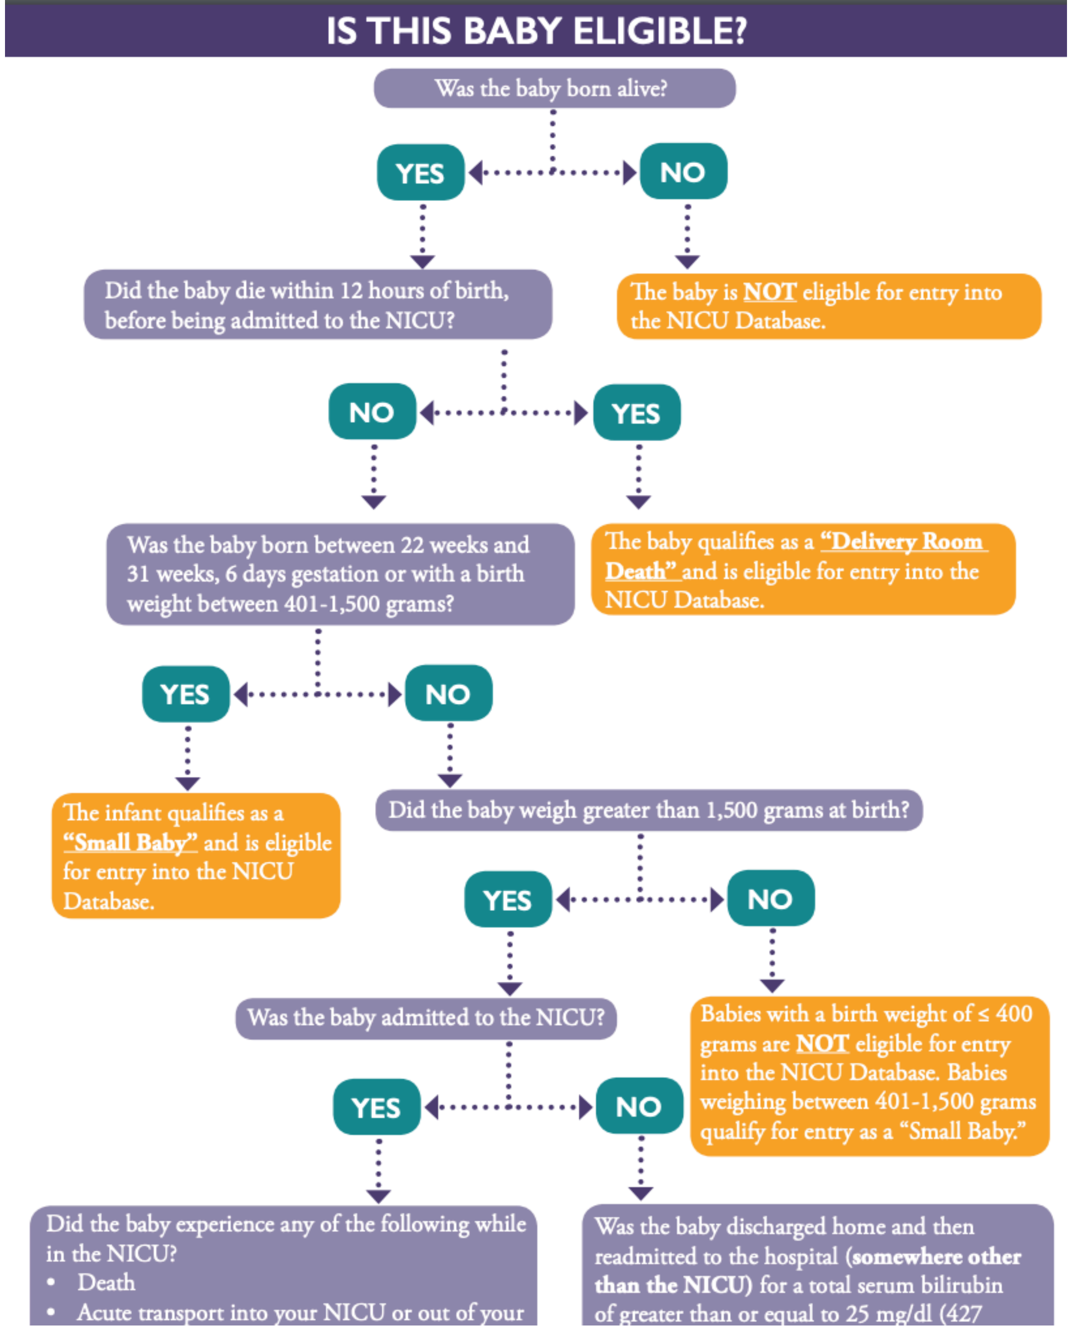
- FLOW CHART



IS THIS BABY ELIGIBLE?

Was the baby born alive?

YES / NO

NO: The baby is **NOT** eligible for entry into the NICU Database.

YES: Did the baby die within 12 hours of birth, before being admitted to the NICU?

YES: The baby qualifies as a **"Delivery Room Death"** and is eligible for entry into the NICU Database.

NO: Was the baby born between 22 weeks and 31 weeks, 6 days gestation or with a birth weight between 401-1,500 grams?

YES: The infant qualifies as a **"Small Baby"** and is eligible for entry into the NICU Database.

NO: Did the baby weigh greater than 1,500 grams at birth?

NO: Babies with a birth weight of ≤ 400 grams are **NOT** eligible for entry into the NICU Database. Babies weighing between 401-1,500 grams qualify for entry as a "Small Baby."

YES: Was the baby admitted to the NICU?

YES: Did the baby experience any of the following while in the NICU?
- Death
- Acute transport into your NICU or out of your

NO: Was the baby discharged home and then readmitted to the hospital (**somewhere other than the NICU**) for a total serum bilirubin of greater than or equal to 25 mg/dl (427

I'm interested in the member mentor program!

Mentorship Program

Our Mentorship Program is designed to pair NICUs that require additional support with data abstraction, entry, and analysis with experienced mentors from other member centers. Mentorship relationships have led to rich and long-lasting partnerships between member centers. If you are interested in being paired with a mentor or in mentoring another member center, fill out the survey below and our team will be in touch with you.

Testimonials

"I have *been mentored by* ***Julie Evans, Children's Hospital Los Angeles****. She has promptly responded to all my questions, even when she was home sick (I didn't know that at the time of course!), and she also gave me much needed moral support during my first Data Finalization process". -* **Megan Javidi, Providence Tarzana Medical Center**

*"****Beth Berry, Bakersfield Memorial Hospital,*** *was SO patient and knowledgeable about the process of CPQCC Data collection. When I started the data collection alone, she was always available to return my calls on any CPQCC questions. Beth is a great resource mentor for CPQCC and I shall always appreciate her kindness, patience and knowledge-----Thank You Beth." -* **Jean Yaussi RN BSN, Glendale Memorial Hospital and Health Center**

*"****Amy Johnson, Sutter Roseville Medical Center****, goes above and beyond in her role as the clinical data coordinator for our hospitals. Her thoroughness has made it possible for all of the departments involved in CPQCC and HRIF-QCI data collection and patient tracking to have the information needed to complete the data from hospital to age three." -* ***Teresa Androvich RN PNP, Anderson Lucchetti Women's and Children's Center***

*"****Cindy Bell at UCLA*** *has been a wonderful resource for me for the many years I have been doing CPQCC data collection. She is always prompt in returning my calls and has a wealth of knowledge. Our work relationship has created a wonderful friendship." –* **Cheri Mudryk, RN CCRN, Kern Medical Center**

DATA TEAM SURVEY

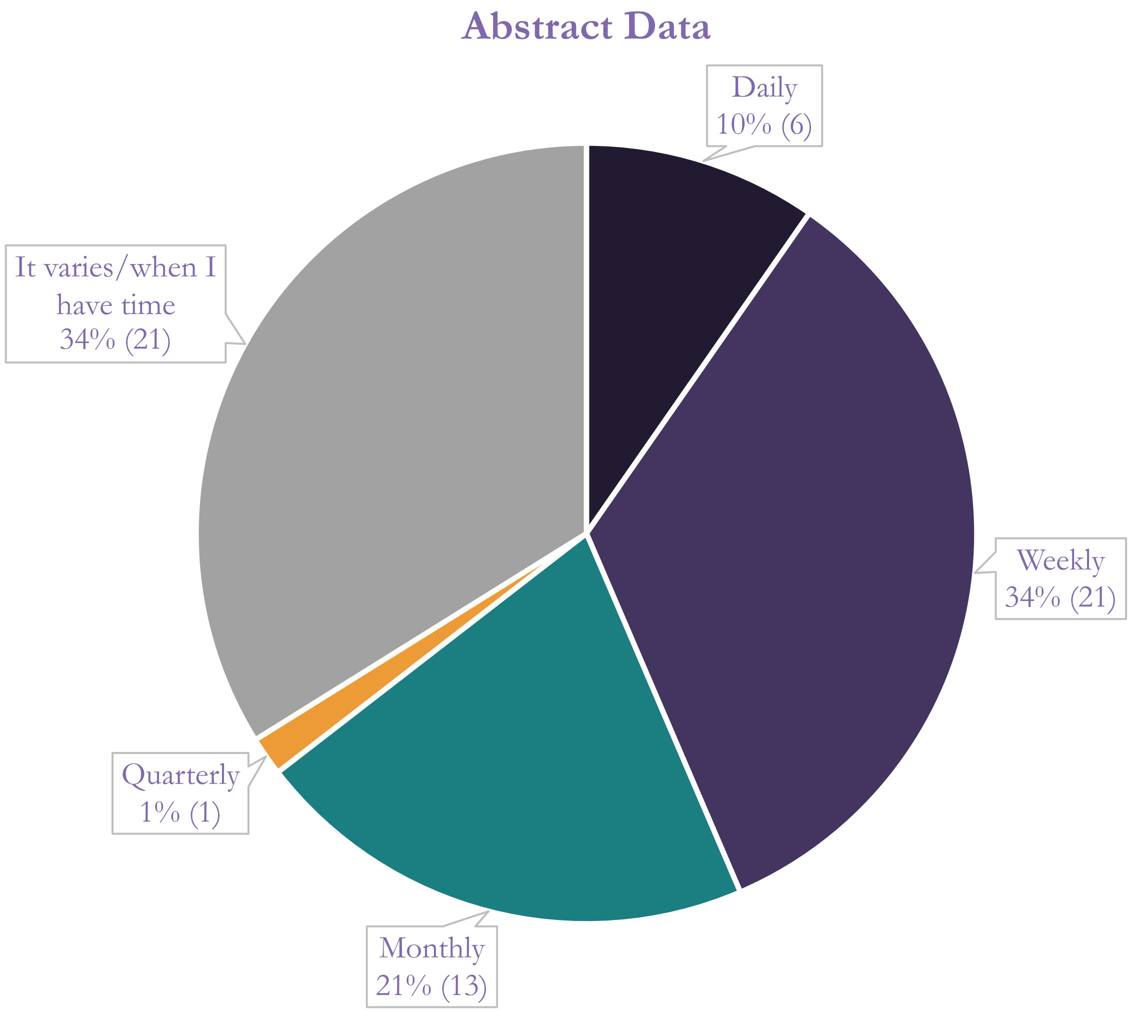
Data Team Survey

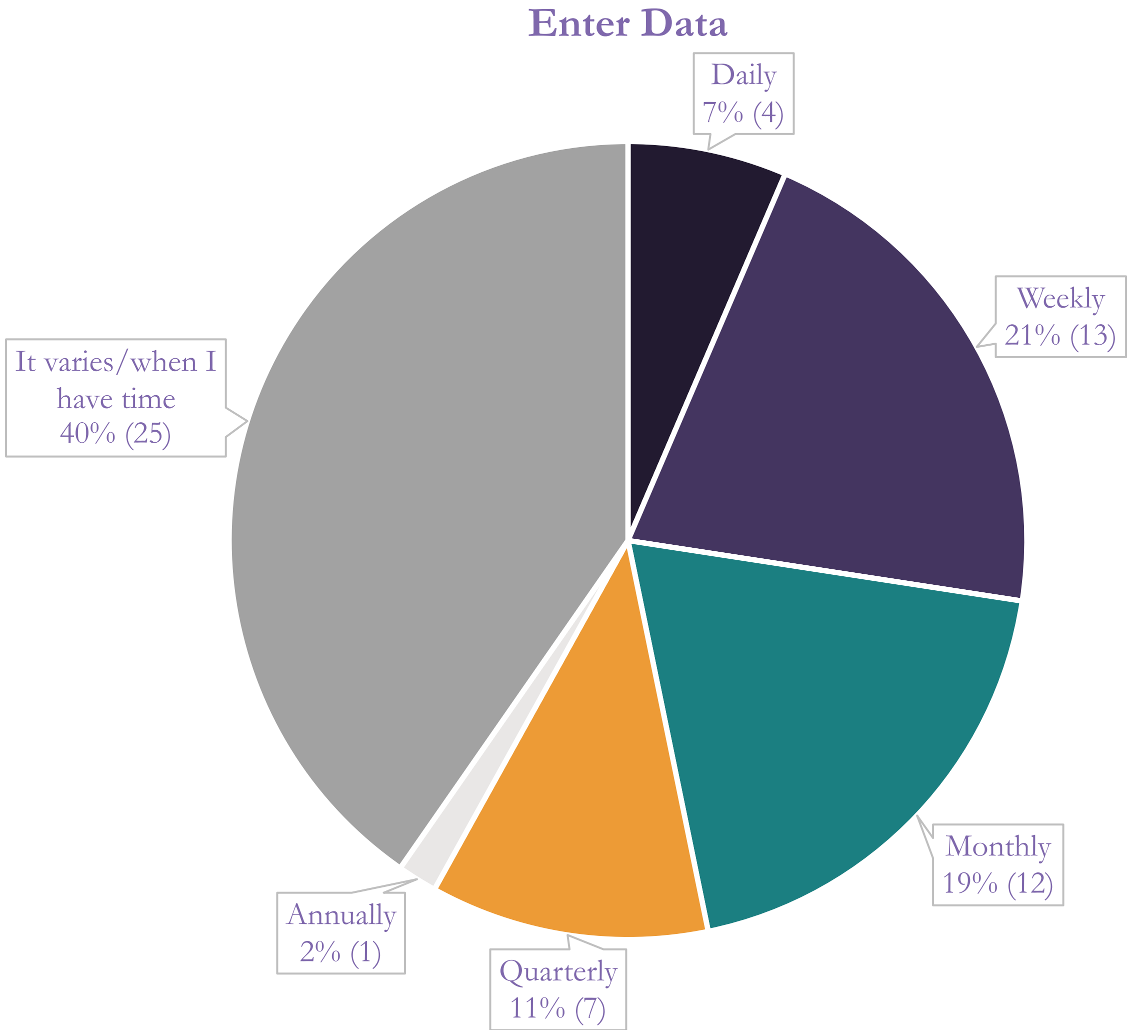
Overview

- 118 total responses, 62 unique hospitals
- 46% of the NICUs responded
- Data contact's response was prioritized
  - If no data contact, report contact designated as primary response

Data Team Survey

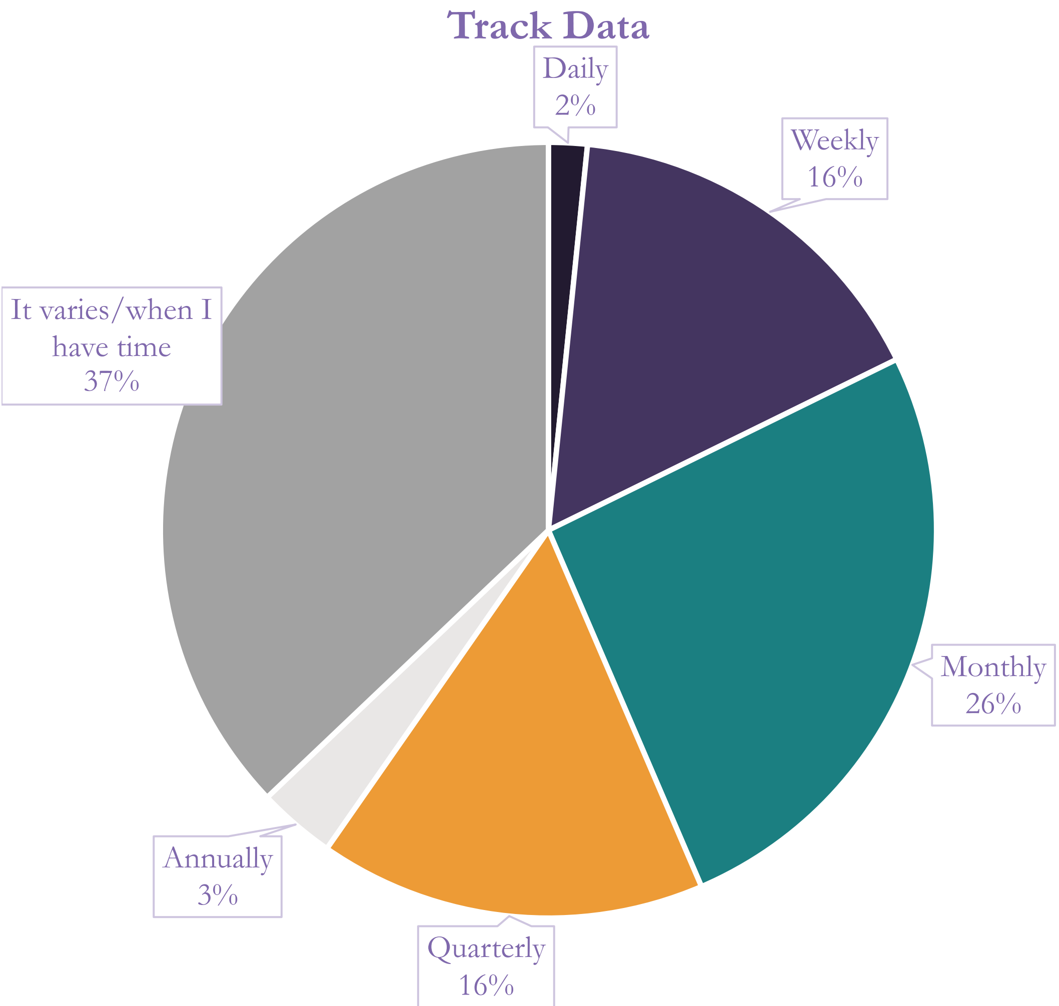
Abstract and Enter Data

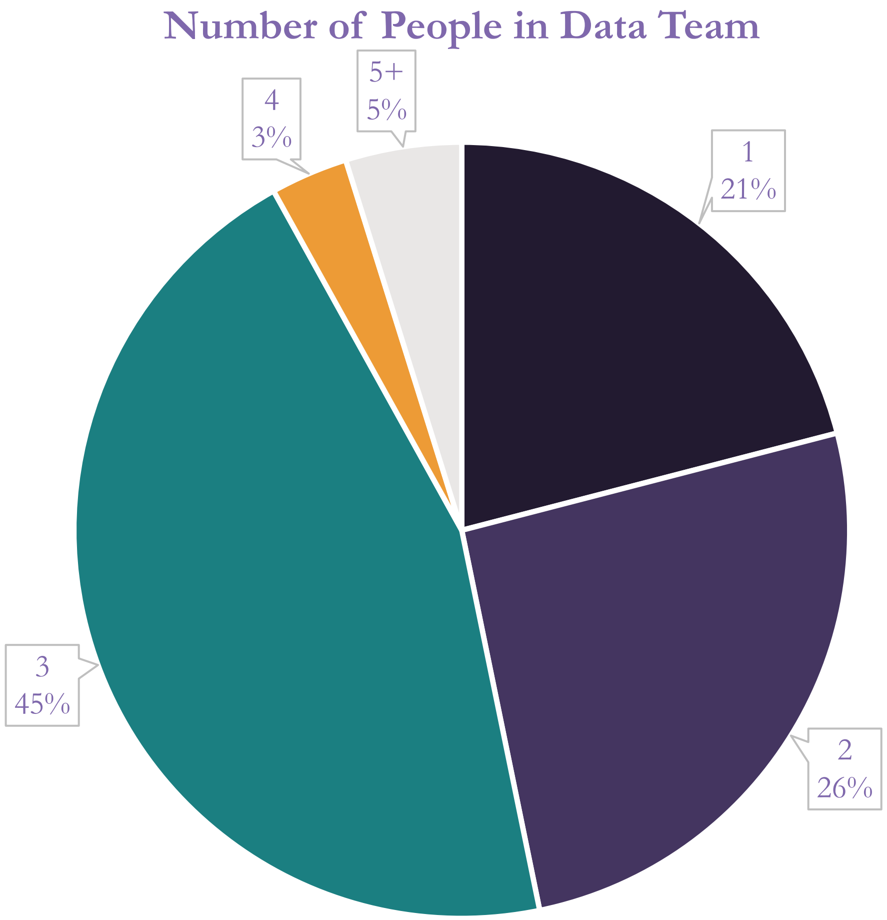




Data Team Survey

Track and Number of People in Data Team





Overview

Key Trends

- Most respondents enter and abstract data at the same frequency
- 92% of data teams contain 1-3 people, with 3 people being the most common
- Most common frequency for abstracting, entering and tracking data is "It varies/when I have time"

THANK YOU!!
